

**We are open and want
you to feel safe at the Impact Hub.**

CURRENT SITUATION >>

A modern, bright office space with yellow walls, large windows, and a long table with chairs. The room is clean and well-lit, with a wooden floor and a white ceiling. A large window on the right side provides natural light. A whiteboard on a stand is visible near the window. The overall atmosphere is professional and inviting.

We want you to feel safe at the Impact Hub and be able to focus on your work and other projects.

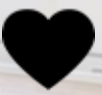

We are open for you during our regular opening hours.

We modified the space to allow everyone to comply with the government measures.

Respirators and other space rules

Signs and directional boards have been set up throughout the space to help you navigate the rules.

We wear respirators when entering the premises and moving around the common areas.

We keep a safe distance of at least 2 metres.

Hand sanitizer is available at the entrance and throughout the space. We regularly disinfect all surfaces.

We use antibacterial soaps and disposable paper towels.

We only offer durable and individually packaged refreshments at the bar.

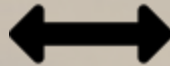

A thermometer is available at the info desk, and if you forget your respirator, we will give you one.

A grand, wood-paneled room with a chandelier and a conference table. The room features dark wood paneling on the walls and ceiling, a large chandelier hanging from the ceiling, and a long conference table with several chairs. There are large windows on the left side and a fireplace on the right. The floor is made of light-colored wood in a herringbone pattern.

Work areas and meeting & conference room rentals

Desks are spaced at a safe distance
of at least 2 meters apart in all work areas.

If you do not feel 100% healthy, please be mindful of others and stay home for a few days.

**If you have any questions,
feel free to contact us.**
